Dear Ms Baker

## REGISTERS OF SCOTLAND – MONTHLY PROGRESS UPDATE

### Performance Information

I am writing to provide the Committee with an update on the work of Registers of Scotland (RoS) as part of our agreed monthly reporting.

The three areas of RoS work that are now reported on our external website on a monthly basis, for which I am pleased to provide links to end of August 2022 position are; the status of open casework, casework turnaround times, and our delivering the benefits of a complete land register figures.

The progress made on all of these aspects is on track with our KPI projections for the next quarter.

### Committee Appearance

Thank you for you for the opportunity to attend the Economy and Fair Work Committee on Wednesday 07 September 2022, I hope the committee found the session useful.

During my appearance I took a note to follow up on a number of areas and I propose to write to the committee separately to follow up on these issues in due course.

### Other Key RoS Activities

As the Committee will be aware, I publish a monthly newsletter for customers and stakeholders highlighting the key RoS developments. For ease, I attach a link to the August newsletter for information.

## **Other Matters**

For Member awareness, I have been called to appear in front of the Delegated Powers and Law Reform Committee to discuss the Moveable Transactions (Scotland) Bill and provide a demonstration of the prototype register. I am currently awaiting further contact from the DPLR Committee in relation to a confirmed date for this appearance.

If you require anything further in relation to the information provided in this update, or in advance of my letter following up on the recent Committee appearance actions, please let me know.

Yours sincerely
