During my campaign for the leadership of the Scottish Labour Party, my campaign received a number of donations, ten of which were for amounts over £520. All cheques were banked between 31 August and 5 November 2007. On 8 November 2007 the day following my campaign team’s submission of a voluntary return to the Electoral Commission, I sought written advice from the Clerk to the Standards, Procedures and Public Appointments Committee on possible Register of Interest reporting requirements. I was advised in writing that these did not require to be registered. Although I am satisfied that these donations do not prejudice my ability
to participate in proceedings in Parliament in a disinterested manner, I obtained, in the interests of transparency, the consent of the donors to make a voluntary entry.

Subsequently, following the determination of the Standards, Procedures and Public Appointments Committee on 25 June 2008, 8 of those donations were registered as gifts. The Committee’s recommended sanction for breach of the Interests of Members of the Scottish Parliament Act 2006 was subsequently considered and rejected by the Parliament on 4 September 2008, the first time since the Parliament was established that a sanction recommended by the Standards committee has been rejected.

As a result of consideration of this complaint, the SPCB has changed the arrangements for the provision of legal advice to the Scottish Parliamentary Standards Commissioner. Henceforth, where the Scottish Parliamentary Standards Commissioner requires advice on a point of law he will first seek this from the Solicitor to the Scottish Parliament and, if a second opinion is required, this will be on the basis of a memorial agreed with the Solicitor to the Parliament.

A donation was made on 15 August 2007 to my leadership election Campaign Account by P C Green of between £501 and £1,000. This donation was forfeited to the Electoral Commission on 3 December 2007. [Registered 1 July 2008, Amended interest 4 September 2009]

On 12 September 2007 a donation was made to my leadership election Campaign Account by N Davidson of between £501 and £1,000. This registration follows the determination of the Standards, Procedures and Public Appointments Committee on 25 June 2008. [Registered 1 July 2008]

From 14 December 2009 I received support from Unison (a trade union of 14 West Campbell Street, Glasgow) in connection with the development of a Member's Bill. Unison has agreed to provide a total of £5,000 in support over the duration of the Bill's passage through Parliament. Of the £5,000 provided by Unison, £800 has been paid direct to James Clark (who had previously been assisting me with the Bill in a voluntary capacity) for the preparation of a consultation document. A further £3,600 of the support from Unison will be used as a contribution to costs for drafting the Bill and legal support through the parliamentary process. Of this £500 has already been paid to James Clark for drafting the Bill. I anticipate that the remaining £3,100 will also be paid direct to James Clark for further drafting and legal support. The remaining £600 of the £5,000 provided by Unison has been used to fund research work to provide background information for publicity materials. On 21 December 2010 Unison paid Catriona Burness directly for this work. This sponsorship therefore falls within the bandwidth of between £3,001 - £5,000. I have also received support in relation to the development of my Member's Bill from Clare Connelly, a legal academic and solicitor. This support was provided by Clare Connelly in a voluntary capacity, in her own time and free of charge.

Since my election to the Scottish Parliament in 1999 I have received sums of money from an anonymous donor or donors, requesting that I donate the money to Stobhill Hospital. These monies are addressed to me at my constituency office or the Scottish Parliament and are accompanied by letters and newspaper cuttings referring to health matters, in particular Stobhill Hospital. Despite following various avenues of enquiry I have been unable to identify the donor who only identifies herself as a constituent who previously worked as a nurse hence these donations have not required to be declared. From May 1999 until November 2003 I received the sum of £130.00 which I passed to Stobhill Hospital Endowment Fund. In June 2007 I passed the sum of £519.88, which had accumulated over a four year period, to Marie Curie Hospice who are currently running the Big Build Appeal to build a new hospice within the grounds of Stobhill Hospital. From July 2007 to December 2008 I received further anonymous donations totalling £389.60. £50 of this was donated towards a fund set up to assist a constituent following the tragic death of her two sons, and the remaining sum of £339.60 has been passed to Marie Curie Hospice. From December 2008 to April 2009 I received further anonymous donations totalling £452.50. From April 2009 until 16 February 2010 I received further donations totalling £296.00. These sums have been passed to Marie Curie Hospice. Since February 2010 I have received further donations, totalling £421.00. The letters accompanying these donations are now signed; however, I am still unable to identify the individual who sends these donations. The donations have been passed to Marie Curie Hospice. From 14 September 2009 until July 2010 I received administrative and research support from a Christian Action Research and Education (CARE) intern. The nominal costs to CARE of providing this intern fell below the threshold for registration. [Registered 7 October 2009, Amended interest 5 November 2010, Ceased interest 5 November 2010]

From June to December 2010, my office promoted a road safety awareness campaign in the Highlands and Islands Region focusing on risks for younger drivers and their passengers. To support this campaign I received a range of support, details of the support received in connection with this campaign are set out below. Stagecoach Bus displayed posters inside 180 local buses. Stagecoach does not charge for the display of adverts which support local communities and there are therefore no costs involved for this support. The Eastgate Centre, Inverness displayed six A2 posters. The Eastgate Centre does not normally allow external
organisations to advertise and did not charge for the display of the posters, however, a nominal value of £200 is associated with this support. The six A2 posters displayed in the Eastgate Centre were produced by A4 Design and Print, Inverness. A4 Design and Print did not charge for the production of these posters, the estimated value of this support is £100. Mac Signs, Inverness provided a pull-up advertisement, the normal cost of which would be £95 for display in the Rose Street Car Park in Inverness. The Love to Love nightclub in Inverness agreed to display posters in the venue. The nightclub does not normally allow external organisers to advertise and there is therefore no cost associated with this support. Moray Forth Radio broadcast 40 radio adverts in support of this campaign. The total cost of these adverts was £900. The costs for the radio adverts were met by two businessmen in the Inverness area who provided £450 each. The Ink Shop, Inverness, provided 1000 leaflets the normal cost of which would be £138. These leaflets were distributed in Halfords and MacDonald’s branches. No charge was made by either Halfords or MacDonald’s for the distribution of these leaflets and neither company routinely allows members of the public to distribute leaflets through their branches; there is therefore no cost associated with this support. Stagecoach Buses provided 500 pens branded with the campaign details, the normal cost of which would be £160. MacRae and Dick provided a liveried Mazda sports car for use in the campaign. The total value of the provision and use of the car, including £60 to livery the car in the campaign graphics, was less than £570. I did not receive any donations in connection to this campaign direct. [Registered 7 October 2010, Amended interest 5 November 2010]

Following the promotion of my road safety campaign, Stagecoach provided one rear bus advert with the words ‘North of Scotland Driving Awareness Team’ at the end of the advert. The North of Scotland Driving Awareness Team is now responsible for promoting the campaign. The advert was displayed from 15th February 2011 and is to last for around one year. On 15th February Stagecoach also provided pens for school children to promote the above campaign at the value of around £200. [Registered 23 February 2011]
